

Feinwerkbau Target Rifles

	<p style="text-align: center;">FWB 2700 Universal</p>
	<p>\$2,865.00 – Right Hand \$3,090.00 – Left Hand</p> <p>22mm and 24mm barrel outer diameter</p>
<p>The system of this series of FWB 2700 Universal small bore rifles is available in a stock of warp-free white laminated wood.</p> <p>The stock is formed ergonomically and available as real right- or left-handed version. The aluminium butt plate is adjustable in longitudinal direction and can be pivoted. The cheek piece can be adjusted in height and also be pivoted.</p> <p>This model is also equipped as standard with the Feinwerkbau precision sight. The system is available with a barrel diameter 22mm* or 24mm* (*outer diameter).</p>	

	<p style="text-align: center;">FWB 2700 Super Match Alu</p>
	<p>\$4,210.00 – Right Hand \$4,335.00 – Left Hand</p> <p>22mm and 24mm barrel outer diameter Available in Blue (pictured) & Black</p>
<p>The well-tried Model 2700 Super Match Alu free rifle from Feinwerkbau is - as a top solution - equipped with an exclusive stock made of aluminium.</p> <p>Butt plate as well as cheek piece offer various possibilities for adjustment. Furthermore the hand rest is adjustable in height and can be pivoted. The ergonomically formed grip of this model is adjustable three-dimensional and available in sizes S, M or L. The milled section on the bottom side of the hand rest permits the use of shooting sling support (special accessories) – which can be attached either directly to the stock or to the hand rest.</p> <p>The free rifle of the series Model 2700 Super Match is available with a barrel diameter 22 mm* or 24 mm* (*outer diameter).</p>	

	FWB 2700 Super Match Alu light
	\$4,285.00 – Right Hand \$4,410.00 – Left Hand 22mm and 24mm barrel outer diameter Available in Black (pictured) & Blue

Model 2700 Super Match Alu light.

Same high-quality finish as the Model 2700 Super Match.
 Due to the fluted barrel and a shortened hand rest as well as a new design barrel weight the total weight of this rifle was reduced by another 700 grams - the total weight of this rifle is down to only 5.1kg!

The light version of the Model 2700 is the perfect option for all shooters who require the well-tried precision and performance of the 2700 series despite the weight reduction.

Therefore the Model 2700 Super Match light is the perfect match rifle – not only for beginners or shooters who change from another discipline.

[Also available in color-variation Silver/Blue]

	Model 2700 Alu Rest
	\$4,040.00 – Right Hand \$4,165.00 – Left Hand Available in Black (pictured) & Blue Prices above exclude the FWB Diopter sights pictured, if required add \$275.00

Model 2700 Alu Benchrest

The successful small bore rifle from Feinwerkbau is also available as a bench rest model. This model meets even the highest standards for benchrest due to the proven precision and high-quality workmanship in combination with the exclusive stock made of aluminium.

By means of the mounted sight bridge the diopter is extended to the shooter. The butt plate and cheek piece, which are especially designed for bench rest, enable an individual adaption to the anatomy of the shooter. Just like all aluminium models of Feinwerkbau, this rifle is available with an ergonomic grip in sizes S, M or L.

The front stock as well as the suitable high-quality wood are available in the colors silver/black or silver/blue. The model 2700 is also available in a left-handed version with a left-hand system.

Barreled Actions are available for the FWB 2700 (without sights) for

- Right Hand, \$2,264.00
- Left Hand, \$2,355.00

	<p style="text-align: center;">Model P75 Biathlon Air Rifle</p>
	<p>\$3,590.00 – Right Hand \$3,715.00 – Left Hand</p>

Model P75 Biathlon

The "repeat lever" which is ergonomically attached, cocks the trigger and transports the magazine at the same time. A newly developed FEINWERKBAU compressed air rifle for biathlon sport. The magazine takes 5 pellets. By means of a special device these are protected from falling out. The magazine exactly positions the pellet at the loading side of the barrel. The rifle is ready to fire. Repeat, fire, repeat, fire. 5 times. Then the magazine has to be exchanged.

Compressed-air rifle Model P75, with multi-adjustable trigger; includes one compressed-air cylinder; shooting capacity (with 200 bar) approx. 200 shots.

FEINWERKBAU Air Rifle Model P75 for summer biathlon sport.
